

# OTAGO SKI CLUB inc.

## Welcome

To the Otago Ski Club based at Joel Lodge - quite clearly the best ski club in New Zealand!

Joel Lodge overlooks the awesome Wakatipu basin and is a 5-minute walk to the lifts on Coronet Peak.

We are a friendly bunch of skiers, snowboarders and outdoor enthusiasts who enjoy not only skiing, but also the company of other like-minded people.

Joel Lodge has 50 beds in 4 dormitory-style rooms along with full cooking, laundry and bathroom facilities. There is a workshop for ski/snowboard tuning as well as equipment storage. Two drying rooms provide plenty of space for everyone's gear - the warm dry clothing and boots in the morning are a real bonus!

After a hard and enjoyable days skiing, there is nothing more relaxing than having a hot shower and then sinking into one of the comfortable chairs in front of the huge roaring fire.

During the peak ski season, the club caters for breakfast and dinner on the weekends and during the week all members cater for themselves. As a not for profit club, we all assist with the various duties - e.g. food preparation, cooking and cleaning, so if you fancy yourself as a Jamie Oliver, here is your golden opportunity!

Pete Ganderton is our resident Caretaker/Manager. He is friendly, helpful, good fun and has the inside knowledge on all the best runs that Coronet Peak has to offer.

## Short History

The Otago Ski Club (Inc) was formed on the 15th August, 1932 after a particularly heavy snowfall in Dunedin, New Zealand.

The club rapidly established a base at the foot of the Rock and Pillar range near Middlemarch west of Dunedin. A mud-floor hut was built at top of the range in 1937/8 providing sleeping accommodation for 28 people. At the end of the war, a major building programme saw the erection of a 72-bed lodge also on the top of the range and not long after, the first steps into moving the club's operations to Coronet Peak, near Queenstown were undertaken. By 1954 a lodge had been built on Coronet, and by the middle of the 60's, the club shifted operations entirely to the mountain where it is still based today.

Club membership was originally limited to those that lived within the Otago Land District, but now membership is open to all.

A committee that is elected at the Annual General Meeting administers the club. Subscriptions are set at the annual meeting and the policy of the club for some years has been that all fixed costs should be covered by subscriptions and all running costs covered by usage fees.

The lodge is conditionally available during summer. Information on summer operations can be obtained from the Ski Club by writing to [info@osc.org.nz](mailto:info@osc.org.nz)
